Suggested Alcohol Prices

Bar costs vary depending on the menu, beer and wine or full liquor bar. When trying to cut costs consider beer and wine only or a signature cocktail. Alcohol may also be purchased based on consumption to cut costs.

Beer and wine only- \$8.50-\$10 per person/per hour

Full bar, premium- \$12-\$15 per person/per hour

Bartender(s)

In addition to the per person charge or consumption price of alcohol purchased, there will be a charge for each bartender needed to staff your event. Typically, the cost is \$100.00 per bartender. Once the guest count goes above 75 attendees, consider adding an additional bar, or bartender. Many caterers have liquor licenses and can assist with your bar needs.
