

### **AV Needs**

Many venues are equipped with projectors, screens, podiums and microphones. Check with the facility manager to see what is available. Always inquire about extra cost.

For additional audio/visual equipment and/or support on campus, contact:

AJ Topps,  
USF AV Services Department at: (813) 974-9338, [AJtopps@usf.edu](mailto:AJtopps@usf.edu)

For more complex events requiring multiple screens, lighting, and production services, an outside AV company should be used.
