

Photographers

As you make plans to capture event memories, carefully consider the following:

Provide the photographer with a “shot list” stating exactly what and whom you want photographs of. Designate a staff member to accompany the photographer through the crowd, making sure key attendees are identified and photographed.

Because most photographers charge by the hour, be sure to book the photographer long enough to cover pre-event festivities when necessary.

For smaller, less formal events, a personal or digital camera can and should be used to save on cost.

Sending event photos is a great way to follow up with donors and prospects.
